

LIFESPRING ANNUAL MEETING

10th Anniversary Celebration

May 29, 2019

(Approved June 11, 2019 as corrected)

The meeting was called to order at 10:27 a.m. by Colleen Greco.

Colleen reminded us that in the one hundred years since 1919 many noteworthy events have taken place. As an example, 50 years ago the Woodstock festival happened, but the noteworthy event that brings us all here today is the 2009 beginning of Lifespring in Saugerties. This year we are celebrating the tenth anniversary of Lifespring and all the opportunities that this organization has given to our members.

Juliette Eisenson enhanced our festive celebration with her delicious 10th year birthday cake and Karren Trent added beauty to the tables with gorgeous flower arrangements. Much appreciation and many thanks are given to them.

1. WELCOME: Susan Poretz, President

Susan welcomed all members of the Lifespring Community. She stated that Lifespring is a unique Lifelong Learning Institute because it is sponsored by a town and she invited Fred Costello, Saugerties Town Supervisor, to bring greetings. He thanked Susan for the honor of speaking. In his comments he said that Lifespring is a point of pride for Saugerties and touches many lives in a positive way. Greg Helsmoortel was Town Supervisor when Susan and Barbara Kaisik came to him with the idea of starting lifelong learning in Saugerties. His response was "Go for it, ladies". Mr. Helsmoortel was unable to attend the 10th anniversary celebration, but Leanne Thornton, the liaison, between Lifespring and the town of Saugerties shared more positive comments about Lifespring. She said: "The Curriculum Committee has reached out for gifted presenters and the topics are amazing. She thanked Lifespring for vision and creativity. She is retiring and will now try to come to classes." She graciously presented flowers to Barbara and Susan.

At this point Susan announced a moment of digression in her comments and an intriguing sign was shown. It said: 'A Walk down Platte Clove. The Beginning'. What followed was a creative and entertaining skit that told the story of how Barbara and Susan had the idea of an Adult Learning Community in Saugerties. Barbara felt that it was a *behemoth* idea, but Susan was determined. There were more signs and helpful props. The end of the story is **Lifespring**, vital and still growing. Susan's theme of Looking Back/Looking Forward was carefully woven into her remarks. The answers to the (JUST FOR FUN) Lifespring Quiz questions provided information relative to the total program. The collection of member memories that Susan shared gave an awareness of how important Lifespring has been to many folks. Susan Kahl eloquently expressed how being a part of the Lifespring Community has influenced her life.

Special Recognitions

Jouette Bassler –Susan thanked Jouette for heading the Curriculum Committee for 2 and 1/2 years. During the time of transition Jouette worked with her committee to provide four semesters of wonderful classes. On behalf of the Board of Directors, Susan expressed sincere appreciation for what Jouette accomplished. Jouette replied that she was delighted to have been part of the Lifespring Community during that time and thanked Susan for the special recognition. Many thanks to Jouette. A gift certificate was presented to her.

Marv Beach – Marv has served all ten years of Lifespring with quiet grace. As Vice President she was a wise advisor. Her energy to keep Lifespring vital was shown in being responsible for by-laws that were compliant with the town of Saugerties and being the chairperson of Nominations. She will be missed at Board Meetings and hopefully she will be available as a resource. Marv gave thanks for all the people getting something done. She had experienced some of the most fun in her life during the last 11 years. Working with Lifespring has been a real gift.

Susan gave Marv a promissory note, her assurance that she would make a strawberry/rhubarb pie for her. A great thank you to Marv for all she has done for Lifespring. A gift certificate was presented to her.

SPECIAL MEMORIES

1. Diane wrote:

After class today, I was stopped by one of the students from the Weather class. She wanted to tell me what a positive impact the class had for her. Previously, she couldn't imagine how there could possibly be a weather channel which runs 24 hours a day. Now she finds herself watching it and enjoying the information! And she was amazed at the concept of a cloud appreciation group. Not only does she have a deeper appreciation for the weather every day here and around the world, but she finds herself enjoying cloud formations so much more.

Great job, Marty (and Susan and Margaret)!

2. Diane wrote:

I wanted to share a comment from this mornings painting class where we learned techniques for painting flowers and leaves. One participant said that now when she walks, she finds herself stopping to appreciate flowers more. The class has made her more aware of their beauty, and how that could be captured in art.

Everyone really enjoyed the class.

3. Laura wrote:

I was thinking just yesterday as I talked about whether or not it is important to encourage everyone to attend a class, as opposed to the people you know will speak up and make a contribution. I remembered a number of times when I learned a lot in Lifespring that helped me understand a short story from men who had been in the armed forces, or people who had lived in the mid-West, or someone who had lived through the depression and experienced [hunger.as](#) a child. Most of all I remember the being out of control with laughter, along with the rest of the class, because of someone's clever comment. We felt connected; we were part of the community of Lifespring.

4. Delores wrote:

I remember an outing walking the bridge across the Hudson with Lifespring members, my first and only crossing. Thankful for the encouragement and experience.

5. Elda wrote:

Lifespring became a lifeline for me five years ago when my husband passed away. The courses and members were wonderful and my grief was replaced by talented teachers, new friends and learning experiences.

6. Roberta wrote:

It has been such a wonderful experience and fun to be connected to Lifespring. It is difficult to decide on a particular memory, there are so many over the 10 years. But I guess I'll start with the first impression.

Joe and I attended an Open house - Informational Session - to introduce the public to Lifespring. This was prior to the first semester. We were inspired with the information, enthusiasm and dedication of the Jump Starters and their vision. I became involved from that day on, serving on the Board, the curriculum and class manager committees, a presenter of several courses, volunteering for other

duties as needed. Though I have shifted my priorities some and am now not as active, I still feel connected to this wonderful community of volunteers who has made Lifespring the success it is today, 10 years and running.

7. Greta wrote:

I remember getting a flyer from my friend She said she was not interested But she thought I would like to try this new adventure I was not sure but being retired I thought well if I do not like it I will not stay Well 10 years later here I am so far enjoying every class So thanks to those who make this a great experience Hope I will be able to come for another 10 years. Thanks Susan and team. Greta

A poignant memory is the opening day of our first year on Sept 22, 2009, one of our members fainted. Before you know it, there were about 5 members, all around the fallen individual. Turns out that they were all nurses ... and the story ends well....The person continued as a member for many years.

10. JoAnn wrote:

OK, Susan. One of the classes I took this semester was American short stories. I must say even though I was not always crazy about the actual story, by the time we had everybody's point of you, I had a whole different feeling. Of course I thought I had everything perfectly figured out. However, as our wonderful instructor, Susan, kept us on task by showing evidence from the text, I became aware that there were many other ways of looking at the same character, event or situation. It was extremely stimulating. I truly enjoyed the course and all the interaction. Thank you so much for this wonderful opportunity.

11. Esther wrote:

I love sitting at the membership table and greeting all of our members who already know the drill and hold up their name cards, And we always smile at each other. Susan (Davis) thanks me each semester but it should be me thanking her for the privilege of greeting our members every Wednesday during the Lifespring Semester.

She had chosen the perfect spot...right across from the pond where many bugs lived and very high and dry so that her progeny were well protected..a good mom

14. Susan Kahl wrote and read:

For me, my first impression when I walked into the Methodist Church way back when was that I wanted to be part of this group. The energy that I felt was so positive that I knew I was in the right place. That was the day I met Bob Saturn and we hit it off immediately. Who knew that I would be working with him for several years on the Registration Committee. I learned so much from him and value our friendship. To me, he's the gift that keeps on giving. I am grateful to be able to call him my friend. He has taught me so much.

Next is Susan Puretz. Susan initiated the Let's Move program at Lifespring. It was the 100 mile challenge that got me moving. Bob also did this challenge as did several other members. I was learning how to swim and Susan was my great cheerleader and support system. She even offered to come to the Y to help me. How did I get so lucky?

I also learned how to play the ukulele as a direct result of a Winter Presentation of a Ukulele Concert. That was on a Wednesday, I went home, ordered a ukulele from Amazon and by Friday I was playing it already.

Lifespring is an amazing community. I could go on and on about what I love about it. I am grateful that I had the opportunity to volunteer on many committees in the past and have made some great friends. One friend, Juliette Eisenson taught me how to bake bagels. Karren Trent and I can chat up the spiritual and political topics. It's great. I have also met many people from Lifespring who attend Healthy Lifestyle.

Healthy Lifestyle is a special interest group I began about three years ago and with the blessing and help of Lifespring. This is a group of like minded people who are interested in learning about healthy topics, eating right and just about anything you can think of regarding being healthy and safe as we age. We meet on the first Thursday of the month at the Saugerties Library from 1 – 2³⁰.

This group would not have started if it had not been for my walking into the door of the Methodist Church way back when.

There have been many changes in my life over the past several years and I can attest to the fact that Lifespring has impacted my life on so many levels. I am truly grateful I walked in that door.
