## Winter Presentation

### *A Visit to Jon's "Hudson River Stories"*

Please join us for a unique opportunity to hear our very special guest, Jon Bowermaster. Writer, filmmaker, and adventurer, he has written 11 books and directed/produced more than 30 documentary films with environmental backdrops. Jon is a six-time grantee of the National Geographic Expeditions Council. Nationally and internationally recognized for his work, for the last several years Jon and his team have made a series of short films about the environmental risks to the Hudson River Valley, the birthplace of the American environmental movement. Jon, who has lived in the Hudson Valley for more than 30 years, will share samples of his series "Hudson River Stories." An illuminating Q & A period will follow. Prepare to be inspired!

Lifespring members, their guests, and Interest List people are invited to attend.
