### Women of the Brush and Chisel: Artists, Muses, and Preservationists of America's Artistic Legacy

**Presenter: Valerie Balint** is the senior program manager of Historic Artists' Homes and Studios, a Program of the National Trust for Historic Preservation. She is a former interim director of collections and research at Frederic Church's Olana and a longtime advocate of preserved artists' spaces and public art.

Join our special guest Valerie Balint for a sumptuous virtual journey of highlights from her newly-published guide-book featuring all 44 preserved sites of Historic Artists' Homes and Studios, which are now open as public museums. Valerie will showcase women artists and also feature women who lived and worked at male artist-preserved sites and served as muses, business managers, and preservationists for these national treasures of artistic legacy.
